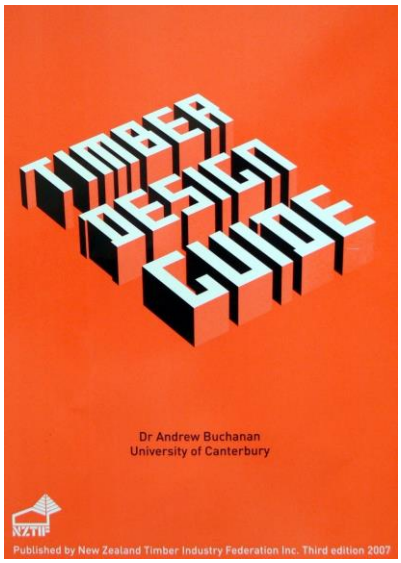
NEW ZEALAND TIMBER DESIGN SOCIETY

Order Form:
Timber Design Guide

Price $94 incl. GST
(Delivered)



The third edition of the Timber Design Guide is essential reading for all architects and engineers designing in structural timber to meet NZ standards.

Architects will find many chapters of interest including durability and treatment, moisture effects, timber finishes, fire resistance and acoustic behaviour.

Timber merchants and sawmillers will be interested in chapters on wood and wood properties, also manufacture and use of sawn timber, glulam, LVL, roundwood and panel products. Structural engineers will find essential design aids and worked examples on design of beams, columns, trusses, arches, pole structures and portal frames.

Price per copy: NZ$94.00 including postage, handling and GST
